

MB 6VH PA Mic Adaptor Box

If you have a fleet of Van Hool coaches, I'm sure you're tired of the limited mic choice and the prices that are asked by the manufacturer?

The MB 6 VH allows you to use ANY of our reasonably price mics from hand mics to headsets and wired to wireless. Just plug them into the MB 6 VH and it will seamlessly operate your factory PA-Audio System as normal with no batteries required.

With the MB 6 VH, now you can afford to outfit all your drivers with their own mics or update to a wireless mic for your host or hostess. Come on board, the door is now open to choice!
